

## Pacey Lovins

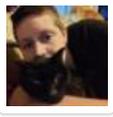

November 12, 2021

Pacey claimed me as his human in July of 2004. He then gained another mom when I met my spouse, Jennifer, in 2007. He was more than we could have ever asked for and loved by the entire family. He and his sister Sam grew up together and then those two raised their brother Max who is still with us. Pacey was 17 years old when we had to finally say goodbye. He had such a beautiful soul and always wanted his human next to him as much as possible.

He's taken such a huge part of our hearts with him, but we are also grateful that he is no longer suffering, and is now running around somewhere in the multiverse heavens with his siblings Sam, Jackson & Arya who went before him. There are not enough words to describe the joy that Pacey brought our family. He is irreplaceable and truly missed. We love you always, Bubba.

“ It's not the same without you, Bubba. I miss you so much. Max misses you too. He's been sleeping in your carrier here and there since Nov 12. You will forever hold my heart my beautiful boy, Pacey.

“ There are not enough words to express how much I miss you, Pacey. You brought our family so much joy and comfort with your beautiful soul, and it doesn't feel right without you here with us, beside me. I know Sam, Arya, and Jackson were there to welcome you at the rainbow bridge and that they will take good care of you until we meet again. You will forever hold my heart and I miss you so so much. Until we meet again my favorite friend, I know you'll be with me and all of us in spirit.
