“ 1/11/2024 Piper, Aarrow's mate for life, passed away lying next to their daughter, the darling Starling, in their cube nest - peaceful, warm, hugging onto 'baby girl' (4yr old)... she slipped away after a few minutes there, glad to be on her way to join Aarrow at the rainbow bridge patiently waiting for Jaimie, me.

in Jan 2024, 'baby girl', Starling, was not 4, but closer to about 6 years old - now Jan 2026 she's closer to 8 and about to pass away anyway now so old and fragile) ~ leaving adopted brother Radarr (about 4 years old now) alone with me :-|

*The girls and I are comforted by our new addition to our suggie family: Radarr (a white faced Sugar Glider)
He's same age as darling Starling (Aerrow's daughter), neutered and tame.*

Radarr was Aerrow's copilot ~ one of the "Storm Hawk's" Sky Knights!

Radarr takes over whenever Aerrow goes off to fight the Dark Ace, and is flying for Aerrow even now...

“ He spent three hours in my hand yesterday morning, stretching, soaring, and climbing in his dreams, struggling with death... his mild tremors he suffered from for months had ceased hours ago... he would then relax as he would roll over on his side looking up at me with his big beautiful eyes...

he's gone now.. no more struggle. 4:19am in Sand Springs, OK ... one last kiss. the world is diminished - my dear, dear Arrow I'll always love you and pray I'll see you again in my dreams ~ sweet dreams my good man!

“ He loved to wait at the top of the play tent for me to look up, and at the moment we would make eye contact, he's leap onto my face - guess he thought it was funny - and it was!

Me and the girls, Piper and Starling, miss him so much but we have each other to console and celebrate Awesome Aarrow!

Just this side of heaven is a place called Rainbow Bridge.

When an animal dies that has been especially close to someone here, that pet goes to Rainbow Bridge. There are meadows and hills for all of our special friends so they can run and play together. There is plenty of food, water and sunshine, and our friends are warm and comfortable.

All the animals who had been ill and old are restored to health and vigor. Those who were hurt or maimed are made whole and strong again, just as we remember them in our dreams of days and times gone by. The animals are happy and content, except for one small thing; they each miss someone very special to them, who had to be left behind.

They all run and play together, but the day comes when one suddenly stops and looks into the distance. His bright eyes are intent. His eager body quivers. Suddenly he begins to run from the group, flying over the green grass, his legs carrying him faster and faster.

You have been spotted, and when you and your special friend finally meet, you cling together in joyous reunion, never to be parted again. The happy kisses rain upon your face; your hands again caress the beloved head, and you look once more into the trusting eyes of your pet, so long gone from your life but never absent from your heart.

Then you cross Rainbow Bridge together....
