Aubrey Q. Herron

November 15, 2006 – July 8, 2022

Aubrey was born on November 15, 2006 with many brothers and sisters. She was welcomed into the Herron household when she was five-months old and was immediately loved. When Aubrey was less than one year old, she moved to Norman, OK where she attended law school at OU with her mom. Aubrey was a constant source of comfort and companionship when her mom struggled through the challenges of law school. She would stay up all night with her mom when she studied and completed exams. She also attended law school programs with her as a member of the PAWS organization (People for Animal Welfare and Safety) and helped raise money for non-profit rescues.

After law school, Aubrey moved to Oklahoma City with her mom when her mom started her new job. Aubrey helped her mom ease into a life in a new city where she didn't know anyone or have any other family members. She was always there for cuddles and friendship.

Aubrey was playful and feisty. Although she was only a 10-pound dog, she was fearless. She was the "boss" of the other household dogs, often seen herding them around, making them move from their beds so she could lay

there, and not allowing them to pass. Aubrey also loved to eat. Her favorite food was boiled chicken. She loved to play “bite” with her humans, and towards the end of her days she loved to nap. She will be loved and missed forever.

“ *My fur grand baby. I fell in love with you the first time I saw you. You were so smart. You knew how to get everyone wrapped around your little paws. I miss you so much but will remember you forever.*

“ *I'll never forget living with Aubrey when she was a puppy. She was so funny and spunky. I am thankful she and her cousin Lexi got to grow up together. I am certain they are together now and Aubrey is continuing her bossy ways .*

“ *Aubrey was THE boss every time I was around her and I admired her big backbone in such a tiny body. She was so soft to pet. I am truly sorry for your loss.*

“ *I only met her once, but I was touched by her spirit and friendliness. She was a very happy, loved dog who clearly loved in return.*

“ I loved poo poo as if she were my own. She and my baby became close. He loved and worried about her often. Poo poo had a feisty and larger than life personality. As evidenced by her keeping her siblings in check and scaring the vacuum back into the closet. She loved her turkey meat and chicken breast, as well as treats, often seen and heard, demanding her payment when she would "potty" outside or allow us the opportunity to pet her. I will never forget when poopoo poopooed right behind me while making breakfast. I took a step back and slid. I'm sure she thought it was funny but it was also her way of showing us if she were upset. I can still hear her bark when preparing her siblings food. Barking at us to prepare it faster because she was just so excited to eat. She influenced my parents to getting their own poopoo heads. She was truly one of a kind. She was so loved and will be so missed. She had a wonderful, long life, and was well cared for by her moms. I will never forget you poo poo.
