“ Bug was a very important part of my family's life she was a happy sweet and funny girl. I will always miss asking her if she wants a bath because bug hated baths and would growl at you 🤔 I will also miss her trying to nurse on her toys and whining because she was kind of spoiled and cray cray and I will never forget the times she protected everyone and the love she had for everyone I love you nugget ❤️💔

“ Bug was the smartest and sweetest fur baby I have ever met. To know her was to know love. She meant everything to my parents and siblings and will be so missed. She made a huge impact on me, and I was always excited to see her and to love on her. It won't be the same going to see my parents and not being greeted by her excitement and love. RIP Baby Bug. I will always love you sweet girl.

“ Bug was such a good baby girl. She was truly an important part of our family & we will miss her forever. She got so excited everytime we got home & was the first to greet us. She was definitely one of a kind. Brave & protective with lots of cute quirks. I hope she's running again now like she loved to do somewhere better
