BR

“ *From the day we saved her from a high kill shelter to the day she left us, she was a phenomenal dog! I truly believe that rescue dogs save you more than you save them! I know she saved us for sure. Even with her constant digging in the yard, just never could be upset with her. She had that face and that sweet temperament. We are going to miss you our sweet girl!!! We will see you at the Rainbow Bridge one day! Love you..Momma*
