“ Mr coop the dog 🐕 that always was the “hyper kid” but when he was ready for bed he needed a cuddle buddy. He was full of life even at his older stages in life. He made sure to always let you know he was right there and would love you to rub him. You will be forever missed my boy. Xoxo

“ Cooper was very sweet, adventurous and loving. He could sit outside for hours just watching all the squirrels and trying to “hunt” them. He would either be cuddling with us on the couch or with his best pal Mila. We miss you Coop and love you so much!
