“ I still recall the first time Dexter was brought into the family just a few weeks or months old. Neil was so proud of him. Amanda always there for him throughout his life. He has been cared for by the finest of people, Family and dear friends, and professional caretakers at the very end. Know he will be back one day. So blessed!

“ Dexter was our baby and will be missed. He lived a long life and loved everyone he came in contact with. You will be missed. We love you!
