“ I remember Dillen being a part of the famous litter of beautiful puppies from Brett and how things did not work out with his first owners. Then your mommy decided to take a chance with you Dillen not knowing how you would act with Schuyler. You had two cute opossum friends along the way, and became the best of friend to mama Tina and Schuyler and enjoying many walks together by the lake. You pulled for my Rocky when he got sick and I appreciate the love and kindness shown to us during our difficult days. Sending much love and prayers to your mommy! Run that rainbow 🌈 bridge and have fun with our babies beautiful boxer baby boy!! You will be missed.

“ I adopted Dillen on 4/8/17 at 8 months old. He was my perfect chaos, my laughter. He was only 7.5yr old when cancer took my baby boy.
