“ Drake came into our life sept 13th 2013 when we found him running thru traffic. He has been the best boy we have ever had. Tge way he loved all he met to the way he cared and helped people in need to the cuddles and kisses on the nose and always acting goofy and looking sad when he wanted something. He also was the only dog I've ever seen with blonde eye lashed. My boy I miss you so much .
