“ Joe was a much loved pony that we rescued. He was estimated to be 38 years old when he died. We were lucky to have him for 5 years, 11 months. He is missed so much. His personality was bigger than our barn and he showed so much gratitude for his new home and better life. He will never be forgotten and we will never get over his loss. We love you Joey! ❤️

I was so in love with this Mr. Personality. He was very handsome & he was gracious enough to acknowledge my posts. Miss him so very much.
