Little Bear

“ *Little Bear came to us from the Poodle Rescue. He was about 9 months old and had been abused. He was very under nourished and had a broken hip that had not been treated and just left to heal on its own. For several months he walked around on 3 legs but it eventually healed and was able to walk normally.*

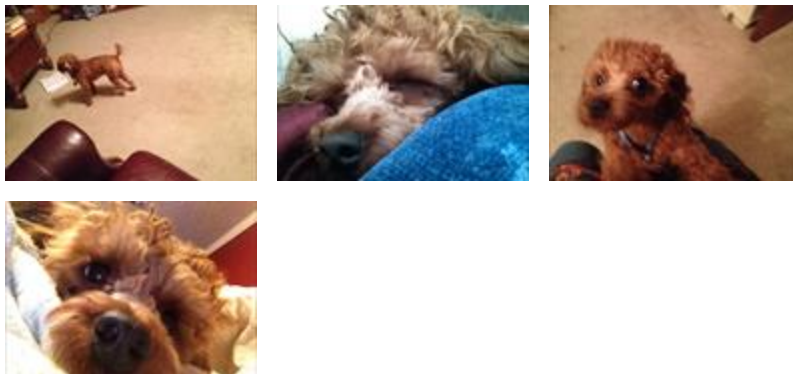

He was a very lovable little dog who love his family and gave us 6 years of pleasure. He left us much too soon. It was so very unexpected. We will always log our Little Bear.
