“ Lovey is a very special kitty! He found us 14 years & 3 months ago! He just walked right up to our back chain link gate & squessed through! I was standing by the gate. I picked him up. He was a tiny kitten with a big head with big ears. Also, he had very long skinny legs. No one knew where he came from. I bottle fed him some kitten formula & he decided that he wanted to stay. I took him to our vet the next day & vet said that he was about 3 weeks old. He was a very sweet loving kitty. Lovey was very close to our daughter & she said he was her baby. My husband & I started calling him ‘our baby boy’ when he got older. We took him everywhere with us. We got him a cat stroller to go for walks at parks. He loved going to Lowes & PetSmart because everyone would stop & talk to him! He brought love & happiness to us! Lovey passed away on Thursday, July 28th 2022 @ 5:10 PM. We will meet you at The Rainbow Bridge, Lovey! Run & play with no more pain!
