Max was 6 weeks old when we got him in Springfield Mo at a Swap
meet . He was a little dare devil ,We took him to the Lake .Max ran
and jumped into the lake . He was a small but he swam back . I was
so worried. Then one time We were out looking at a house . We left
him in the truck but left windows down some didn't think nothing
about him getting out he was still small .but we found him out of the
truck he jumped out. But was ok.Max would run off. We lost him a
couple of times . But found him . Thank God .Max was loving and
playful . Max lived a great long life . We miss him so much .*
