“ Molly was a stray that showed up at my sisters house in the rain she tried to find her owner with no luck! So she asked my Mom to take her until she could find her a home but Mom fell in love and kept her. She was very loved by anyone around her she was such a loving sweet soul. When I lost my Mom I kept all 4 of her dogs Molly being the last one I had and she helped me daily miss my mom less. I really don't know how to deal with this loss it feels like I lost my Mom again. I love you Molly girl so very much you will forever be my tator tot!
