“ *What a steller ol gal she was, whenever she would perch like a queen on a throne observing everything, ready to respond with lightening quick reflexes with those sharp pointy things known as claws and Fangs! It was always a game with her until she decided it was no longer a game, on her terms , when she decides enough is enough. Rule#1...no messing with the belly! SHe was the epitome of an Aristocat in the highest regards. Will always remember you and hope to see you again on the other side.*
