“ *Monkey was one of the sweetest happiest most playful dog I've seen and she loved her momma she would dare let another dog near her bed 🥹 she was also very into her food and water I mean obviously she was well fed I will definitely miss seeing her when I go to my parents house and her denying the dog snacks until the other dogs are finished with there's so she can make them watch her eat 🍷💕💕* ”

“ *You were one of the sweetest dogs that I've ever had the privilege to know. You brought so much joy and happiness into our home, I will miss seeing you come up to the door to greet us when we came home. It's God's turn to play with one of the goodest girls, I hope you're up there getting all of the belly rubs. Say hi to Bug for me. I miss you both so much.* ”
