“ *Our Murphy Man gave us the best 12 years.*

*Murphy loved chewing up his humans baseballs, well he loved chewing up everything left in sight and sharing chocolate with his momma! Murphy was his daddy's best bud and loved wrestling around with him.*

*We have so many amazing memories, but our favorite will be when he flooded our house. No matter how much trouble he was in, one look from him and we were in puddles of love.*

*He will fur-ever be in our hearts. Thank you baby for giving us so many memories and love. We love you sweet boy.*
