Love Lasts Forever

Myles

Tribute Wall

MO

“ Myles came into my life and gave me "smiles for miles" that's were he got his name. Through our years together he never failed me. Even through the darkest hardest time of my life he made me smile! Myles loved to play and show off. He especially like to stand really still at night when we went out for potty time. He would always blend in with the darkness of night it was his way of playing hide and seek. Myles would go along with me to help deliver calves at a local ranch. I took him to a frozen custard place to get him a puppy cone. We were regular customers there so much they knew exactly who it was at the drive thru. He taught me that love lasts forever. Myles is preceded in his death by : his momma Michelle, 3 sisters..zack of Bentonville arkansas;Anna of topeka Kansas; shelby of topeka Kansas ; and several of his horses and other fur family here in Oklahoma. Myles my beloved thank you for gunning me the unconditional love you have for so many years and most importantly "the smiles for miles" may you run free over the rainbow bridge. Love momma
