“Odie was the best dog ever. Going to miss the summers when jumping into the pool and him losing his mind and grabbing your bathing suit thinking you were getting hurt. Going to miss him but now he is with his cat Garfield. Love you odie

“Odie was a special part of our lives for over 14 years. We miss him dearly. He is with his buddies Garfield and Chong now. Nermal and Elliott are searching every day waiting for you to come home. I him very much and loved him with all my heart. RIP Ofie
