Piston

Tribute Wall

“ *Piston left us unexpectedly Friday November 6, 2020 at 1PM due to a unknown tumor on his heart which left our little family devastated.*

Piston was a very important member of our little family and kept us very safe after serving 7 years of guard dog duty for the Duvall compound out in the country. We had just moved him to the city into retirement a couple months ago to live out his remaining time in a beautiful new home with us where he spent his remaining days living his BEST LIFE 💜

Until we meet again run free big boy 🐾💜🐾
