“ *Rei you were always such a beautiful cat. You lived with me while DJ was in the Army. While I loved you you knew I wasn't much of a cat person so no matter how clean your litter box was you would poop right beside it just to get back at me. You are the reason I do like cats now. Rest in peace Rei. You are missed*

“ *Rei, I miss you so much, you brought me 11 years of joy and happiness. Some days you were the only bright part of my day, I feel lost without you. Please Rest in Peace and say hi to Binx for me.*

*I'm sorry you lost a good cat. You will need to get a kitten now. I promise you'll fall in love with your new cat.*
