“Romio..
I keep catching myself checking behind the door to make sure I don't bump you with it. I was telling you to come out from under the bed this morning, and then I realized that you're not under there anymore. But yet I heard Juliet's little paws clicking on the floor and I jumped down and yanked the covers back," and stared under the bed, only to find that it wasn't you. But oh God how bad I wish it had been," I miss you so much... 💔

“Best friend?" *That is a understatement. I can't even put into words what you meant to me. You were my everything," my get up and go, my world.. 15 years was not enough," YES I'm going to be selfish! I wanted to be able to see those big brown eyes looking up at me for the rest of my life." It's my fault! I couldn't bring you back! I'm so sorry baby boy, I'm so very sorry. Mommy loves you... 😞*
