“ *May the memories of your sweet fur baby Rufus give you comfort during this time of loss. I know how much he meant to you and your mom and all the joy he brought to your family. I'm praying for you both during this difficult time.* 💜

“ Rufus Alexander came into my life on February 6, 2010. At first, I didn't know if I could be a "single parent"..lol He quickly made me realize I was up for it! He was so intelligent, silly, energetic & loving ❤️ He saved me to a certain extent when he came into my life. I was going out alot back then and not making the best decisions at times. My family was becoming concerned about me. When Rufus came into my life, it straightened me up. I was responsible for him & I realized I'd rather spend more time with him than going out. Rufus made it easy to do, bc he was so sweet & loving. He was the best pet companion I could of have ever dreamed of. We've been through many ups & downs together over the past 14+ years. He was my one constant. I know he wanted to stay with me (& his grandma) , but his poor little body started giving out on him. My faith tells me that he's young, new & spunky again! He's happy, running around & playing with other dogs & we'll see each other again..
