“ Tuesday, August 15, we helped our sweet, senior dog Sammy cross over the Rainbow Bridge. We adopted this delightful Bichon mix pup from Small Paws Rescue. He brought us years of cuddles, laughter, and fun. Cancer finally took its toll and though he lived longer than he was expected to, Sammy let us know it was time. Our hearts are heavy yet we are focusing on the love and joy he brought us. Sammy was a Daddy's boy and followed Ron everywhere. We are so grateful for the wonderful care of the veterinarians, nurses, vet techs, and front staff at River Trail Animal Hospital in Bixby - especially vet tech and Sammy's groomer Jamie and Dr. Ron Hooley who provided Sammy with outstanding end of life care. Losing a pet is never easy and this boy took a chunk of our hearts with him.
