“ From the moment we got him, he held our hearts. He was the most amazing dog I've ever known. He was loved by so many and will be missed by us all! I miss his little grins when I came through the door, his early morning kisses and our "covers" game. I miss watching him hide his bacon treats in his blankets, playing "Toss the Treat" with him and even his "Bajigiddyness"! (If you knew Trucker, you know this word!). And that's just to name a few! He was the best! We will hold him close, forever in our hearts.
