“ *Willie, what can I say buddy, you were the perfect ferret. I will miss giving you belly rubs, you flopping at our feet when you wanted attention. I will miss the weasel wrestling and your body slams. You gave such sweet ferret kisses and you were such a flirt. You were a great ferret ambassador for the kids in Mr. Richards ( your Dad's) Science class and a phenomenal brother to your weasel sisters and brothers. Run and play with Boo and Samson! Neal and I will make sure to take care of Fiona and mom and I will take good care of Jack, Winston and Scout. Love you always buddy!*
