“ My deepest condolences to you both and every person to ever encounter such a fantastic beast. She was lucky to have the two of you and I knew the moment I met you that she was destined for happiness with you. I am grateful to have known her. She is now with my late Tyler, romping in the fields of heaven.

“ Our precious Winnie lost her battle with mouth cancer May 22, 2018. She came to us from Hilltop Pet Resort where she had lived over 4 years in a concrete run. On a very hot August day in 2010 we took her out of that horrible place. She didnt know how to act and housebreaking was a challenge but she finally got it! She had terrible separation anxiety so we tried to reassure her that she would never be abandoned again. You will always be in our hearts and we miss you terribly as does your best friend Moses James. RIP precious Winnie Allen. Your Mom, Mary Allen
