“Zelda was so much more than a beloved family pet. She was my first granddaughter. My little feet warmer whenever I had a sleepover with her and her brother. She was the sweetest little lady you could ever know, and you could see her sweetness and gentleness shining through her little eyes. She was incredibly loyal to her family and the very best friend in the world to her brother, Hoss. When the dogs would greet me, Hoss would jump all over me, bursting with excitement, and Zelda would be just as excited but she would patiently wait, wagging her tail and wiggling her little body until it was her turn to get some love. Zelda was so strong. She had multiple health problems, yet she always kept the sweetest attitude and bravely fought through them. She was also a snacker, just like her grandma. She loved bottled cheese piled as high as possible on a saltine cracker. She was also a little trickster. She knew she wasn't supposed to scratch herself, so she'd sneak off into the yard and scratch away. Most important of all, God chose Zelda's family. He placed her exactly where she belonged. She had the very best. She was deeply loved, well cared for, and she felt that love until the very end. Thank you, Lord, for our precious girl. I look forward to seeing her again someday. I know she is patiently waiting for us and enjoying her new pain free life. ❤️💕

“ *Zelda loved her bubba so much, even though he was constantly getting on her nerves. My heart is broken that they are separated.*

Natalie Laster - January 25 at 05:14 AM

NL

“ *This was the day we adopted our Zelda on 09/02/2017. We feel the weight of her absence everyday. We know she's waiting for us while getting used to being able to breathe normally again.* ❤️🐾🐾
